This is what the manufacturers say about this reel. Here is a reel which will give a positive sensation made up of the greatest Indian subject we have ever produced (and that's going some) together with a real comedy of the side splitting variety. We don't very often get out a comedy subject because they have to be pretty good to get by our own knockers club; but this one proves a scream. Remember this reel, A Great Big Indian Feature and a corking comedy all in one with Real Indians who can act.

CHARGE OFFICER WITH CRUELTY

Benjamin Starner, Gettysburg's Dog
Quarantine Officer, Convicted on
Charge of Cruelty to Animals.
Hearing in New Oxford.

Charged with cruelty to animals, Benjamin Starner who has in charge the enforcement of the dog quarantine in town, was this morning given a hearing by Squire R. M. Straley at his office in New Oxford. Starner was fined \$10.00 and costs.

The suit was brought by Dr. R. H. Russell, of Hanover, agent for the Society for the Prevention of Cruelty to Animals. The charge was that Starner had shot a dog belonging to John Warner, of West High street, and that he succeeded only in wounding the animal, allowing it to suffer for several hours and not attempting to kill it.

Mr. Starner's side of the case is that he shot the dog and it got away from him. He again shot but missed the mark and then followed what he thought was the course of the animal for some time but could not locate the dog. Leaving the vicinity of the affair Mr. Starner claims he told many people of his being unable to get the dog and kill it and asking them to notify him at once if they heard of its whereabouts.

The shooting occurred one morning recently and in the afternoon about two o'clock Mr. Starner says he was told where to find the animal. He found that Mrs. Warner had taken the wounded canine into a stable and locked the door and when asked to allow the dog to be shot would not allow the officer to enter the place. It is said that the dog has now recovered from its injuries.

Dr. Russell came here some days ago to swear out a warrant for Starner's arrest but several Squires, it is said, refused to "give him law" and he went to Justice Straley where he procured the desired article. The warrant was served by William Hensel, New Oxford's constable.

Mr. Starner was represented by Borough Attorney Wible and a number of witnesses were called for the defense. Charles B. Kitzmiller, Town Clerk, was called to show that the proper legal steps had been taken in the quarantine matter. Dr. M. Moriarty was present, representing the State Livestock Sanitary Board and John Delap and John Fleischman were called to show that Mr. Starner made an effort to find the wounded dog.

George J. Benner represented the prosecution and presented the following witnesses: Dr. Russell, Mary Warner, Mrs. Maimie Burgner, Mrs. Ella Heim, Mrs. Minnie Englebert, Mrs. Otis Baughman, Mrs. Carrie Gilbert, John Warner, Elizabeth Warner, O. G. Baughman, George Riggs, Harry Riggs, James Rogers.

WILL ORGANIZE SPECIAL POLICE

Town Council Passes Resolution
Asking Burgess to Appoint Force
of Extra Police to Deal with Un-
ruly Students.

At the meeting of the Borough Council Tuesday evening a resolution was passed authorizing the organization of a force of special police to deal with further demonstrations by college students similar to that of Monday night. The resolution was submitted by Mr. Butt and seconded by Mr. Tawney, was passed unanimously and reads as follows:

"Resolved; that the exhibition of mob violence enacted on the streets of this borough by the student body of the college, not only disturbing the peace and quiet of the town, but actually involving the safety of life and limb of those involved, is a flagrant violation of all law regulating conduct, and

"Resolved, further, that the Burgess be requested to appoint and organize a body of special police to be provided with riot clubs, or other suitable instrument, for the purpose of preventing and suppressing unlawful demonstrations within the borough on the part of the student body or other persons said special police to be paid by the hour for the time actually employed; and the full co-operation of this Council is hereby pledged to Burgess and police in their effort."

A letter was received from Congressman Lafean acknowledging the receipt of Council's action regarding the proposed federal building and stating that same would be referred to the House Committee on Public Buildings and Grounds.

A communication was read from John Hess, recently elected chief of police, asking for a salary of \$40 and \$10.00 for a uniform. Council then decided that salary of police should be \$35.00 with the usual uniform appropriation following which Mr. Hess' resignation was read and accepted. As Mr. Gordon had refused to serve when the salary was placed at \$32.50 last Tuesday, this left the borough without police and council proceeded to ballot for new officers.

The vote resulted as follows: Thomas O'Riley 7; George Gordon 6; John Heim 3; John McSherry 1; Milus Wilson 1. Messrs. O'Riley and Gordon were declared elected. Mr. Gordon was unanimously elected chief. The salary was fixed at \$35.00.

President Trostle appointed the following committees for the ensuing year.

Finance: Butt, Shealer, Tawney.
Highway: Tawney, Codori, Stock.
Light: Kitzmiller, Koch, Armor.
Property: Tawney, Kitzmiller, Codori.

Sewer: Armor, Shealer, Koch.
Ordinance: Kitzmiller, Butt, Tawney.

Advertising: Kitzmiller, Koch, Codori.

Mr. Kitzmiller brought before Council the alleged improper plays at Walter's Theatre. Various other matters were discussed by Council and adjournment taken to Tuesday, April 5.

CALLS OIL TRUST PIRATE OF LAND

Kellogg Says Standard "Flaunts the Black Flag."

WOULD CONTROL COUNTRY

"Let It Combine," Cries Government Attorney in Supreme Court, "and It Will Control Every Industry in Five Years."

Washington, March 16. — John G. Milburn concluded his argument for the Standard Oil Company of New Jersey in the appeal of that corporation from the decree of the circuit court that it be dissolved.

He argued that capital assets should be the basis of this computation. This would show the net profit to be 25 per cent in 1900-1906, when there was such a great development of the by-products. He also spoke briefly of prices, asserting that tables he presented showed there was no arbitrary action.

Milburn's Final Appeal.

In conclusion Mr. Milburn said: "This company has been under search as no other concern has ever been. The power of the United States government has reached right into the vitals of this organization."

"Here is an organization that has had a continuous life for forty years. I don't say the men in it have never done anything wrong. Judge as I ask you, by human standards. I have no doubt it has done things that it has had no right to do. But it has done this:

"It has fought for the marketing of an American product; for the delivery of an American product all over the inhabitable globe. It has built it up with capital and undaunted courage. We beg this court that if we are found to be doing wrong, enjoin us from doing that, but in the name of justice, do not destroy the organization, which has accomplished such results, unless there is nothing else to do."

Kellogg For the Government.

As soon as Mr. Milburn had finished, Frank B. Kellogg, who has had charge of the suit against the Standard since its inception in 1906, was facing the court to open for the government.

He began by replying to Mr. Milburn's closing words, as follows:

"If your honors please, this is the second time I have listened to that passionate appeal to protect American foreign commerce. It has always been the slogan in this case."

"As a matter of fact the Standard Oil has not increased American percentage of exports of this product. The percentage exported previous to 1871 was greater than it has been since."

"For many years the Standard did not create a market or increase it. Those markets were made by independent struggling in competition for the commerce of the world."

With that introduction Mr. Kellogg launched forth into the history of the Standard Oil as discussed by Mr. Milburn, and concluded by telling of the purchasing and closing up of the refineries.

"That was the genius of Mr. Rockefeller," shouted Mr. Kellogg, turning to Mr. Milburn, whose words he had quoted.

Calls Standard Pirates.

"They have waved the black flag over the land as others have done over the ocean," continued Mr. Kellogg. "Do I deny they have demonstrated their ability? No, they have competed with an ability unequalled in this country."

"With its ramifications, its influence and its money power, give it carte blanche, let it combine, as Mr. Watson suggests, and let it cut prices, as Mr. Milburn speaks about, and I predict that it will control every industry in this country in ten years, yes, in five years."

"What makes a great country?" he asked. "Not great corporations. It is the individual: the independent proprietor with the star of hope that has always been held out to man before him. Your honors, it is only a step from combination to socialism, and but another from socialism to anarchy."

Justice White wanted to know if it were true that the increase of the Standard Oil since 1879 was due to accretion and not to the purchase of new companies.

Mr. Kellogg replied that since that year the Standard had acquired forty-five refineries and fifty-five marketing companies. "We demanded of the Standard a full list of its acquisitions," said Mr. Kellogg, "but they never produced it."

Theodore Roosevelt, Jr., Miss E. B. Alexander and Her Mother.

ROOSEVELT WEDDING JUNE 16

Family Friend of Teddy, Jr., Says Former President Approves.

New York, March 16. — It became known through a friend of the family that the date for the wedding of Theodore Roosevelt, Jr., and Miss Eleanor B. Alexander has been fixed for Thursday, June 16.

It also was said that it had been approved of by Mr. Roosevelt, who will arrive in New York in time to be present at the ceremony. So far no arrangements have been made by any steamship company for the passage of the Roosevelt party.

To be here in ample time for the wedding, it is considered probable that the party will cross from Liverpool on the party ship the Cunard liner Caronia. If Mr. Roosevelt delivers his last lecture in England.

The friend who gave the information regarding the date of the wedding said that the former president would not decide which liner he would return by until he had met Mrs. Roosevelt in Khartoum and had a consultation with her.

ROOSEVELTS TAKE CAMEL-BACK RIDE

Visited Kerreri Battlefield Escorted by Soldiers.

Khartoum, March 16.—Colonel and Mrs. Roosevelt and Kermit, their son, had their first experience in camel riding. They left Khartoum in the sir-dar's launch and landed at Kerreri, seven miles distant, for an excursion to the battlefield of Omdurman. Camels were awaiting them. Slatin Pasha, inspector general of the Sudan, instructed the visitors how to mount and to ride with the minimum of discomfort.

The novices much enjoyed their experience, criticising one another's predicaments. The main party rode on seventeen camels. Many reporters, mounted on donkeys, accompanied the party, the whole escorted by a detachment of native cavalry.

The battlefield was thoroughly surveyed and explained by officers who had participated in the fighting. Colonel Roosevelt inspected the town of Khartoum and visited Gordon college, where the mahdi's and khalifa's sons are being educated.

He addressed the students and assured them that he would talk about his enjoyable visit when he reached his home.

Cotton Mills Prosperous.

Boston, March 16.—The unprecedented activity in cotton mill construction in the United States during the past year, when something like 2,000,000 spindles were added in the mills of the north and south, at a cost of approximately \$40,000,000 brought a period of abundant prosperity to the concerns manufacturing cotton mill machinery.

Hogs Pass \$11 Mark.

Chicago, March 16.—Hogs passed the high mark of \$11 when a full carload sold for \$11.05. Receipts, which had been estimated at 15,000 head, fell short nearly 4000, and the market became a speculative rush.

MINE FIRE THREATENS TO ENGULF TOWN

Carbondale Appeals to Governor For Aid.

Carbondale, Pa., March 18.—Following a decision reached here citizens of Carbondale will appeal to Governor Stuart and ask him to have the state endeavor to put out a fire raging in mine workings beneath a well populated section of the city and which threatens to engulf the residences of several property owners.

The fire has been raging in the mine workings for some years and all efforts to put it out failed. The coal company went into bankruptcy owing to the expense of fighting it. Citizens then sued the city in an effort to compel the municipality officers to have the fire extinguished. They replied that it would cost \$50,000 to put out the fire and the city was within \$2000 of its legal indebtedness. The lower court sustained this position and the supreme court sustained it also. There is now nothing left for the worried citizens to do but to appeal to Governor Stuart, show him the fire is a public calamity, and as he has power to act in emergencies, they hope he will order state aid in fighting the mine fire.

If he decides the situation is not a public calamity and declines to act, the citizens can do nothing but wait until the fire burns out the coal that supports the surface and permits a large section of the town to fall into the mine.

NAVY PAYMASTER ROBBED

Some One Took \$3500 From Safe on Gunboat Castine.

Boston, March 16.—Three thousand five hundred dollars were stolen from the safe of Paymaster Lawrence Gilman Haughey aboard the United States gunboat Castine, now at the navy yard. The safe, when the robbery was discovered, was locked, and Paymaster Haughey's room, where the safe was, was locked. An attendant has since found \$650 hidden behind a bathtub on the vessel.

A board of inquiry consisting of the yard paymaster and two senior officers in service at Charlestown is at work trying to unravel the mystery. There is no doubt on the part of the investigating board that the thief is connected with the Castine.

KNAPP AVERTS FIREMEN'S STRIKE

Walkout of 27,000 Railroad Employees Prevented.

47 LINES ARE AFFECTED

Strike Order Temporarily and Probably Permanently Off — Railroad Managers Appealed to Interstate Commerce Commission.

Chicago, March 16.—Danger of an immediate strike of 27,000 locomotive firemen on western railroads and the contingent throwing out of employment of more than 125,000 other employees, was averted through the acceptance of mediation from the federal authorities at Washington.

At the request of the general managers of the forty-seven western railroads involved, Chairman Martin A. Knapp, of the interstate commerce commission, after consultation with Commissioner of Labor C. P. Neill, telegraphed an offer of federal mediation to the union officers. This offer was accepted, W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, stipulating that action must begin without delay.

The appeal to Washington was taken as an eleventh hour move to prevent a walkout, which, it was declared, threatened the greatest railroad strike since that of 1894. Thirty-seven members of the Western Federated Board of the Brotherhood formally voted for a strike.

The hour for striking had been set for next Monday morning and the members were prepared to start for their homes to put the strike into action, when the mediation steps were taken.

The mediators will come to Chicago, and according to Mr. Carter will not arbitrate the questions in dispute, but will determine what shall be arbitrated. The questions involve wages, which both sides had agreed to arbitrate, and two other technical points, involving promotion and representation in the union. These latter subjects the Brotherhood contends must be arbitrated, but the railroads assert they cannot be arbitrated, because they relate to internal union disputes.

"If the mediation fails through the strike will go right on as planned," said Mr. Carter.

SUFFRAGETTES GRAFTERS

Dr. Mary Walker Says They Are In It For What They Can Get.

Albany, N. Y., March 16.—Dr. Mary Walker, who has been hanging around the capitol for ten days, got a chance to talk before the assembly judiciary committee in opposition to the Hills-Tooheys proposed constitutional amendment to give the women the right to vote. Dr. Walker said the suffragettes were grafters and they were in the business merely for what they could get out of Mrs. Belmont, Mrs. Mackay and Mrs. Sage. Women ought to have the right to vote, Dr. Mary insisted, but they should command that right by going to the polls and compelling the acceptance of their ballot.

"Why, it would be an insult to your judgment as gentlemen and statesmen to report that bill," insisted Dr. Walker. "Why, the suffragettes themselves don't want it; if they didn't have this thing to harp upon they would have to get something else to run around gossiping about and grafting money from women who don't know any better than to give it to them."

WILD WEST HOLD UP

Armed Bandits Active Again in Pittsburg Suburbs.

Pittsburg, March 16.—Millvale's street car bandits committed their third robbery when they held up another car near Bennett station, pointed revolvers at the motorman and conductor, and after tying them to the controller took away their valuables.

Precisely the same wild west methods were employed as on the two other occasions, with the exception that one of the men beat the motorman with a blackjack until he sank against the controller. The robbers secured about \$25, the conductor's receipts for the day, his gold watch and the silver watch of the motorman. No passengers were on the car.

The motorman of the car was David Forsythe and the conductor Albert Miller. While both were bound tightly to the brake rod and controller the highwaymen started the car at slow speed, but the street car men managed to work themselves loose and succeeded in stopping the car's flight before a serious accident happened.

Mexico Suspends Duty on Corn.

Mexico City, March 16.—The duty on corn imported to Mexico has again been suspended. A decree has been issued to take off the duty until September this year. The scarcity of corn is such that an extension of time named in the first decree was found to be necessary.

No Head Tax on Immigrants. Washington, March 16.—All legislation imposing educational tests and head tax on immigrants was ordered deferred until the next session of congress at meeting of the house committee on immigration. This action was taken to await the report of the immigration commission.

Cheeriness.

Cheeriness is a thing to be more profoundly grateful for than all that genius ever inspired or talent ever accomplished. Next best to natural, spontaneous cheeriness is deliberate, intended and persistent cheeriness, which we can create, can cultivate and can so foster and cherish that after a few years the world will never suspect that it was not an hereditary gift.—Helen Hunt Jackson.

BABY WASTED TO A MERE SKELETON

With Terrible Eruptions—Grew Worse in Spite of Doctors—Would Scratch and Tear Flesh Unless Hands were Tied—Mother Says

HE WOULD HAVE DIED BUT FOR CUTICURA

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad that I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk.

"My aunt advised me to try Cuticura Soap and Cuticura Ointment. So great was her faith in them that she gave me a small piece of the Soap to try and a little of the Ointment. I took them home without any faith, but to please her I tried it and it seemed to dry up the sores a little. I sent to a drug store and got a cake of Cuticura Soap and a box of the Ointment and followed directions. At the end of two months the sores were all well. He has never had any more of any kind since. He is now strong and healthy, and I can sincerely say that, only for the most wonderful Cuticura Remedies my precious child would have died from those terrible sores. I used only one cake of Cuticura Soap and about three boxes of Ointment.

"I am a nurse and my profession brings me into many different families and it is always a pleasure for me to tell my story and recommend Cuticura Remedies. Mrs. Egbert Sheldon, R. F. D. 1, Litchfield, Conn., Oct. 23, 1909."

PHILA. STRIKE NEAR THE END

Company is Making Terms With Carmen.

DIRECTORS MAKE DENIAL

In Spite of What They Say It Is Known That Only One Grievance Remains to Be Adjusted—Financial Interests For Settlement.

Philadelphia, March 16.—The president and directors of the Rapid Transit company have turned a deaf ear to interviewers.

The sudden reversal of position by George H. Earle in treating with the direct representatives of union labor after he had declared that mediation was impossible astonished employers of labor.

The Rapid Transit directors have been tottering for hours. They have been ordered by the banking interests that own the majority of stock of the Rapid Transit company to come to terms with the strikers.

It appeared that Mr. Earle was in control of the situation; that he could make terms for the company, and that he would be able single-handed to settle the strike, just as he had been powerful enough alone to prevent arbitration. President Kruger stood out from behind Mr. Earle and denied that he had taken any important part in the conference Monday between Earle and the representatives of the labor unions.

Mr. Kruger's clerk, an employee named Pierce, announced that the company had not agreed to arbitrate anything and that the situation remained unchanged. Mr. Kruger refused to talk to newspaper men, and his fellow directors shied from conversation like a fencible from a brickbat.

Only One Demand to Be Adjusted.

In spite of all denials, the Rapid Transit directors have progressed so far in dealing with representatives of the unions that only one difference, one grievance, remains to be adjusted. Not only has George H. Earle hobbled with William D. Mahon and local strike leaders, but Clarence Wolf, vice president of the Rapid Transit company, and an outspoken opponent of compromise hitherto, has been talking amicably with Pratt himself. Only a few days ago the directors of the Rapid Transit company fired up when Pratt's name was mentioned.

The strike will be called off by the unions, provided the Rapid Transit company agrees to take back all of the men on strike. That is the present obstacle. The company made one last stand. Though Kruger it said that it would protect the interests of 1400 men of the Keystone union who had remained loyal and that it would not re-employ under any circumstances 250 men whom it had discharged for cause. It was willing to increase wages and improve hours, but it could not see its way clear to taking back all of the men on strike.

William D. Mahon said that the company would take back all of the men on none.

The Rapid Transit directors have been meeting to discuss whether or not they can stand up against Mahon's demand. The alternative as it has been presented is recognition of the unions. Either the company must take back all of the men, with the understanding that union recognition will not be insisted upon, or it must recognize the union if it insists on remaining loyal to the men who stood by it in the crisis.

Both Sides Standing on Honor. Although nothing definite came from conferences between representatives of the Rapid Transit company and the strikers, it is practically certain that some sort of a settlement will be made within a day or two. From a fight it has become a flirtation. Each side is saying that only "honor" intervenes between a complete settlement. The obstacle does not appear to be insurmountable.

One of the most surprised men in all Philadelphia was John E. Reyburn, mayor of the city. The Hon. John fancied he knew what was going on. It was Earle who persuaded him to present an uncompromising front to the unions. At a word from Earle the mayor denied his old political associates, McNichol and Vane, and said that he would stand out against treating with the unions if he had to break away from the Republican organization. But Mr. Earle, when he made his sudden change of front, did not telephone the mayor. The mayor got his news from the papers. He was one of the most surprised mayors you ever saw.

Directors of the Rapid Transit company say Kruger was tricked into meeting the labor leaders and did not confer with them as to terms for settling the strike. It is positively known he did attend the conference and went over the whole ground with Mahon, no matter what his representative may say about it.

These things indicate sufficiently that a split has taken place in the directorate of the Rapid Transit company. There is war around the directors' table. Mr. Earle, however, appears as able to direct the board toward conciliation as he was able to sway it toward belligerency.

There has been no disorder for several days, but the police are taking no chances.

Chas. S. Mumper.

State Senator James P. McNichol, Recorder of Deeds William S. Vane and other leaders in the Republican organization, who have been in Florida for the last month, are now on their way home and are expected to arrive in this city today.

It is believed in political circles that by the time they reach this city some plan for a settlement of the trolley strike may have been disclosed between representatives of the Transit company and the leaders of the striking carmen.

TAFT GOES WEST

President Left For Chicago This Morning on Eight-Day Trip.

Washington, March 16.—President Taft left Washington this morning for Chicago, the first stop on an eight-day trip that will cover more than 2500 miles. Captain A. W. Butt, the president's military aide, and Charles C. Wagner, one of the White House stenographers, went with the president. From Chicago, where the schedule is to be one of the hardest that Mr. Taft has faced in many a day, the president will jump to Rochester by special train, and from that city will go straight to Albany, where he is to be the guest of Governor Hughes from Saturday afternoon until late on Sunday night.

The president does not expect to make any set speeches on the insurgents while he is in Chicago, although he will find it difficult to steer clear of the subject when so many opportunities will be thrust upon him.

FEDERAL AID TO SETTLE STEEL STRIKE

Department of Commerce and Labor to Investigate.

Washington, March 16.—Efforts to settle the Bethlehem Steel company's strike are to be made by officials of the government. An official of the department of commerce and labor will be sent to South Bethlehem, Pa., and will go over the situation carefully. Notice to this effect was sent to President Schwab, of the steel company.

The request for government intervention came from both the company and the striking employees, of which several thousand have been out for more than a month.

Investigation of the strike was prompted partly by the fact that the government has large steel contracts with the Bethlehem company, and it has been claimed that the strike has resulted in great delay in government work.

Recently two resolutions were introduced in the house on the subject by Representative Rainey (Dem.), of Illinois, one calling for an investigation of the strike and the other calling upon the secretary of the navy to report what contracts with the steel company were uncompleted and to what extent delay had been encountered.

The principal purpose of the investigation ordered is to bring the company and the strikers together in an arbitration of their difficulties.

STEEL STRIKE QUIET

Bethlehem Company Reports Increasing Numbers Returning to Work.

South Bethlehem, Pa., March 16.—Official reports from the Bethlehem Steel company show that the number of men returning to work is still on the increase.

A Hungarian employe in the Saucen plant was stabbed by another Hungarian, who charged the former with having taken his place. The wound is not a serious one.

The South Bethlehem town council, by a close vote, has demanded of Chief Burgess Payson the withdrawal of the state constabulary. The burgess will confer with Sheriff Person regarding the demand.

WAS TWO-THIRDS DRUNK

Alderman Decides Man With One Leg Can't Be Drunk All Over.

Wilkes-Barre, Pa., March 16.—When John Buckson, who has a wooden leg and was arrested for drunkenness, was brought before Alderman John F. Donohue, the alderman decided that as the prisoner had a wooden leg he could not be drunk all over, but only two-thirds drunk. He told him this and then fined him two-thirds of a dollar, which is the fine for a whole drunk. The man paid his two-thirds fine, 67 cents, and was released.

SENATOR DANIEL WORSER

Family of Virginia Statesman Summoned to His Bedside.

Daytona, Fla., March 16.—There was a decided change for the worse in the condition of United States Senator John W. Daniel, of Virginia. His daughter and other members of the family have been summoned to his bedside here from his home at Lynchburg.

MADE-TO-MEASURE GARMENTS HALF USUAL PRICE

We can supply you man-tailored garments, made to your measure, for not more than half the usual charge made by ladies' tailors.

You can choose from 66 styles—the latest creations—shown in the Spring Fashion Portfolio of the American Ladies Tailoring Co., Chicago. All of these styles—suits, coats, dresses, capes and skirts—are shown here in actual colors.

We will show you samples of 238 fabrics—all the new weaves and colors. Within ten days or two weeks we can have any garment made to your measure in any style and any cloth.

FIT GUARANTEED

An experienced fitter takes all your measurements right in our store. Then a diagram is made showing all the facts regarding your style and individuality.

The result is more than a perfect fit. You get something distinctive—to you alone.

You get all the men-tailored effects which usually cost half again to twice as much.

And we guarantee satisfaction. The maker permits us to return any garment which isn't perfect in every way.

REMARKABLE PRICES

Man-tailored suits, made to your measure, cost from \$13.50 to \$55.00. Dresses run from \$9.50 to \$30.00. Coats from \$8.00 to \$30.00. Capes from \$9.50 to \$22.00. Skirts from \$5.00 up.

These are made-to-measure garments, made by the largest and most famous tailoring house of its kind. Made exactly as well and fitting as perfectly, as the highest-priced garments made.

TAKING THE WHOLE

COUNTRY BY STORM

The new remedy is a recent discovery, but it is taking the whole country by storm. It has cured so many people throughout the state within the past few months that scores of newspapers are publishing local testimonials, giving names, streets and numbers of many people whose word cannot be doubted. The remedy certainly must have remarkable merit as so many people after using it a short while are advising their sick friends to try it. The Greensburg, Indiana, Daily Review recently published the following: Mr. J. W. Boyle, of 116 East Washington street, said: "My wife has been taking Root Juice and it has done wonders for her. Before taking it she had a very bad stomach. The lightest food would sour on her stomach and cause it to burn and pain her very much. In fact, she said she felt like it was raw from top to bottom. Recently her trouble was aggravated by an attack of la grippe. Her appetite was very poor, but after taking the Root Juice a few days she had a good appetite and could digest everything she ate without the least pain or inconvenience. She is no longer weak and nervous, and seems like a new woman. The remedy has proved a wonderful blessing to her." In fact, so many people are talking about the new remedy and telling about its great soothing, healing and toning qualities to the stomach, bowels, liver and kidneys that it is now hard for the Root Juice people to make it fast enough to fill all orders. It is retailed for one dollar a bottle. Many local people have testified to its wonderful merits, as anyone can learn by going to the People's drug store.

KURIOS FROM KOPRESPONDENTS

Q. I can hardly get my hens to eat anything but corn, and they will pick it out of a mixed ration first and hardly touch the rest. Why do they like corn best?

A. It is just the right size and shape to be swallowed easily, has no husk, is a bright, attractive color, is full of oil and sugar and, having a sweet flavor and seeming easy to digest, must just hit the spot. But ask the hen.

Q. I am trying to rear pheasants and wish some information. I am told to feed acorns. Do they relish them? I understand the English feed them maggots. Where do they get them?

A. They love acorns, but only a few should be given to birds in confinement, as they cause intestinal inflammation. They skin a horse, hang it up till the blowflies do their work, then bury it near the surface so maggots can crawl through. The pheasants do the rest. Maggots aren't used for feed on this side.

Q. Which do you consider the best plan for starting a modern poultry plant?

A. The best plan is to start on a small scale until you acquire practical experience sufficient to conduct the business, enlarging as you succeed, or hire a well tried, practical poultryman at the start to plan everything and manage the business on a scientific, up to date, must pay basis.

Q. Last spring I set fifteen eggs under a hen and fifty of the same eggs in an incubator. The hen hatched every egg, but twenty-six of the incubator eggs contained full formed dead chicks. Why is this?

A. The incubator or its operator was a nature faker.

Q. I have seen it stated that chickens can stand any amount of dust. Is this true?

A. While a small quantity of dust does not affect the flock, much of it causes catarrhal troubles.

CATARRHAL ASTHMA

AND HAY FEVER

Ten of thousands of sufferers from hay fever and catarrhal asthma find great comfort and quick relief by breathing Hyomei.

Of course where asthma is not caused by catarrhal conditions, but by nervous contraction of the bronchial tubes, Hyomei is not recommended.

But in case of asthma where there is a discharge of mucous, breathing Hyomei gives most wonderful relief by soothing the irritated and highly inflamed membrane.

Mr. W. A. White, R. F. D. No. 1, Eversport, writes: "I have been bothered with asthma for over five years but could not get any relief until I tried Hyomei. I have spent lots of money on remedies for asthma and if I could not get another bottle I would not be without Hyomei for \$50. I recommend it."

A complete Hyomei outfit, including hard rubber pocket inhaler, costs \$1.00 with instructions for use in hay fever and asthma. Extra bottles of Hyomei cost 50 cents at druggists everywhere and at The People's Drug Store.

SMALL AUDIENCE

A small audience greeted the college musical clubs in Brua Chapel Tuesday evening. The concert was of the usual kind given by the students.

FOR THE THIN AND SCRAWNY

Samose will Make You Plump and Rosy Says L. M. Buehler.

If you are getting thin, you are sick, although you may not know it. If you are losing weight steadily, there is something wrong that needs looking after. If you have always been thin, it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin.

The only way to increase the weight again health and flesh is by using Samose, the standard flesh forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh forming and tissue building elements of the food are retained in the system. This explains the great value of Samose.

Weigh yourself before you begin using Samose. It will not cost you a cent unless it increases your weight and restores your health.

L. M. Buehler sell every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.
